KawiCoins (KC) Whitepaper

Executive Summary

Introduction

KawiCoins (KC) is the first currency for the Kawi application, a mobile phone application that includes games and rewards. Join us on this exciting journey!

Objective

Develop the project to achieve many goals in terms of time and future ambitions.

Problem and Solution

Problem

Users often face technical issues and game problems within applications. The need for an efficient and quick problem-solving system is crucial.

Solution

We have a team ready to receive any problem and collaborate together to solve it as quickly as possible, ensuring a seamless and trouble-free user experience.

Technical Details

Technology Used

- Smart Contracts: KawiCoins utilizes smart contract technology to secure operations and transactions.

- Continuous Development: We are constantly improving and developing the technology to ensure the best possible performance.

Technical Description

KawiCoins is the first digital currency for the Kawi application, which includes games and financial rewards. This currency relies on smart contracts to ensure transparency and security in all transactions within the application.

Tokens and Distribution

Total Number of Tokens

- 80,000,000,000 KC

Token Price

- Current token price: $0.000085

- One-year target price: $0.005

Token Distribution

The tokens will be distributed as follows:

- Investors: 40%

- Team: 30%

- Advisors and Partners: 10%

- Marketing and Rewards: 20%

Roadmap

Project Timeline

- Q1 2024: Initial launch of Kawi application and issuance of KawiCoins.

- Q2 2024: Integration of smart contracts and enhancement of user experience.

- Q3 2024: Expansion of user base and launch of new features within the application.

- Q4 2024: Achieve token price target and develop strategic partnerships.

Team

Team Members

- John Doe: CEO

  - 10 years of experience in app development and project management.

- Jane Doe: CTO

  - 8 years of experience in software development and smart contracts.

- Michael Smith: CMO

  - 5 years of experience in digital currency marketing and social media campaign management.

Advisors

- Dr. Sami Ahmed: Technical Advisor

  - PhD in Computer Science with extensive experience in blockchain technologies.

Legal Considerations

Compliance

We are committed to complying with all relevant laws and regulations to ensure the integrity and transparency of our operations.

Risks

We acknowledge the potential legal risks and work to address them effectively through specialized legal consultations.

Conclusion

Call to Action

Join us in the KawiCoins project and be a part of the bright future of the Kawi application. We are working hard to achieve our goals and make the application a preferred destination for users worldwide.
